

COMPANY OVERVIEW

Advenser is a multinational, multidisciplinary engineering company delivering high-value solutions to the architecture, engineering, and construction (AEC) sector through integrated VDC/BIM workflows, advanced digital technologies, and innovative engineering practices. Since 2007, we have been supporting complex projects internationally, earning a proven reputation for technical rigor, delivery reliability, and sustained growth.

MISSION

Delivering smart, scalable engineering solutions that improve project efficiency and environmental performance.

VISION

To play a defining role in shaping a smarter and more efficient built environment—driven by technology, talent, and trust.

CORE FOCUS

Delivering solutions designed for change, adaptive, scalable, and future-ready.

PEOPLE

ADVENSER DIFFERENTIATORS

Proven Expertise and Global Presence

Serving clients worldwide with a proven track record of successfully delivering complex projects.

Strong Focus on Quality and Accuracy

Multi-tiered quality checks ensure precise, error-free deliverables every time.

Flexible and Scalable Resource Pool

Easily scale teams up or down to match changing project needs without delays.

Competitive Pricing and Cost Predictability

Transparent, cost-effective pricing structures with no hidden surprises.

Technology-Driven Processes

Advanced tools and automation streamline workflows and maximize productivity.

Client-Centric Engagement

Personalized service and proactive communication tailored to your project goals.

Domain-Specific Teams

Dedicated specialists with deep industry knowledge for domain-specific solutions.

Robust Data Security

Strict compliance with global data protection standards to safeguard your information.

Onshore-Offshore Hybrid Support

A balanced delivery model that blends local presence with global execution strengths.

Commitment to Continuous Improvement

Continuous process enhancements to increase efficiency and deliver greater value.

OUR CLIENT BASE

OUR MEP ENGINEERING SERVICES

HVAC & PLUMBING MODELING

REVIT FAMILY CREATION

CLASH REPORT & RESOLUTION

COBIE SERVICES

POINTCLOUD MODELING

INDUSTRIAL BIM

SPOOL DRAWING

MECHANICAL MODELING

BIM CONSULTING

HVAC & PLUMBING MODELING

1. 3D MODELING

2. SHOP DRAWINGS

3. SPOOL DRAWING

4. AS BUILT DOCUMENTATION

5. QUANTITY TAKE OFF

CLASH DETECTION & RESOLUTION

Seamless coordination of MEP with Architecture & Structural trades, allowing all systems to work in perfect synchronization and at the same time maintaining the design intent.

Generation of Clash Reports, Resolution of Clashes and conducting BIM Coordination Meetings with contractors and other stakeholders.

Before coordination

After coordination

POINTCLOUD MODELING

1. ARCHITECTURAL

2. STRUCTURAL

3. MEP

The 3D BIM model that we create from laser scan data serve as accurate models for as-built purposes as well as for Retrofit, Refurbishment and Renovation projects. It enables the creation of as-built BIM models for the renovation work of Infrastructure Assets such as tunnels and bridges.

SPOOL DRAWING

4	2	8"	5	127	A53 ERW Sch 40 Bk PE	Grooved End	Grooved End

We generate sets of Piping Spool drawing for accurate offsite prefabrication. This set of drawings act as a guide for the plumbers, pipe fitters and installers while they work on the site.

Our spool drawing services consist of Segmented Spool drawings along with a Spool Map with section locations created as per pre-fabricating standards of the client.

REVIT FAMILY CREATION

Creation of standard and customized Revit families for the retail, manufacturing and the construction industry from the manufacturer's submittals or even hand sketches.

1. Architectural elements

2. Structural components

3. Mechanical fittings

4. Plumbing fixtures

5. Product libraries

INDUSTRIAL MODELING

1. P & I diagram
2. BIM object creation
3. GA & Equipment Layout
4. Structural Frame arrangement
5. Process Schematic Diagram
6. Process Piping drawings

BIM CONSULTING

Since **2007** we have been assisting construction companies, general & specialty contractors in their migration to BIM from CAD. We act as a strategic BIM partner to the client educating and training them for seamless migration from CAD drafting to BIM implementation.

1. BIM Model Audit

2. Offshore BIM Team

3. BIM Implementation Planning

4. BIM Training

5. On-Site BIM Support

Desiccant Dryer

OUR DETAILING PROCEDURE

OUR APPROACH

Understanding Client Requirements : With every client, we understand that a different approach may need to be employed with every project, bringing a new set of skills and technology to the table. We devote the time needed to study the objective of the project.

Delivering Solutions : To achieve the goals of the project, our engineers adopt the most appropriate methods, outdoing themselves. Our work is to follow a system driven process incorporating the latest methods in the BIM industry which ensures projects are delivered on time and are nothing short of the highest quality..

Constant Improvement: The engineering team, led by highly capable and seasoned project managers tirelessly learn, research and update themselves to meet the ever-changing and dynamic demands of the AEC industry. Systematic knowledge sharing and perfection of the work process is an ongoing process in Advenser. With every project, we see to it that we always make room for innovation.

Our Promise : Client satisfaction is a promise we assure and we measure our successes on par with that of our client's. We take pride in our past glory & achievements but at the same time strive to make them nothing more than mere milestones in our pursuit of excellence.
